Old Forge Ladies Auxiliary Raffle Winners

Lottery Tree – Peter Dromms

50/50 – Peter Holmes

Blackstone Griddle – Chris George

The Old Forge Fire Department want to thank **all of you - our brotherhood** for your generosity this weekend!!! As many of you know, we had a MVA call (just before push ball was to start), and it happened to be one of our young residents, Seamus who is the son of Kevin & Jessie.. Seamus was airlifted to Golisano Children's Hospital in Syracuse, where he will remain until he is stable enough to be transported home. Seamus and his family have a very long recovery ahead of them and will be in the hospital for an unknown period of time.

Our brotherhood is strong & generous and you showed just how strong & generous we are.....on Friday night of Fire School, a helmet was passed to collect funds to help defray some of the expenses Kevin & Jessie will incur during Seamus' recovery. After the monies were collected we are proud to say **you our brotherhood** donated approximately \$1,500.00. Thank you each and every one of you!

In addition, Dave Flannigan who is a member of Cedarville Fire Department, an employee of Edwards Ambulance, who works with Old Forge Ambulance as an ALS provider, is suffering from cancer. We once again we reached out to **our brotherhood** on Saturday night the helmet was once again passed and again you donated approximately \$1,100.00!

But we are not finished.....each and every one of our parade trophy/cash prize winners donated back \$950.00 which was being donated to Believe 271, Seamus & Dave Flannigan.....Believe 271 then donated their donation back to both of them!!!

What an amazing group of friends walk amongst us! God Bless you all – be safe, and we will see you all next year!
